## BOAT TRIPS

### Testimonials

“Really educational for all year groups as tours are tailored and combined with very informative tour guides who provide lots of fun - a real pleasure to experience. We have used Bristol Packet Boat Trips many times and they are really reliable and cost efficient.”

“We have been using the Bristol Packet Boat for over 20 years as part of our year 3 residential visit to Bristol. We have always enjoyed a friendly, efficient and flexible service with excellent communication. The boats are very good value for money; the tour of the floating harbour, with the informative commentary, is a superb way of learning about Bristol and its place in World history. I really appreciate the flexibility of the team, always willing to help and go the extra mile, whether it's helping to carry bags from the Youth Hostel, picking us up at different destinations or tailoring the tour to individual needs. I highly recommend the Bristol Packet Boat and look forward to using them for many years!”

“Bristol Packet harbour trip fits nicely with ‘urban change in the UK’. The Skipper’s commentary on the evolution and development of Bristol’s Floating Harbour is particularly useful for pupils studying Bristol’s urban change. “

“Our charity, ‘My Future My Choice’ have been using Bristol Packet Boats for the last eight years with many hundreds of children exploring the waterways in the city. Bristol Packet Boats provide an excellent service and have never once failed to be on time. The crew provide an engaging and knowledgeable commentary on the heritage and present functions of the floating harbour and the river and they are always willing to align their talks and activities to suit the topic being explored by the school.”
